EDUCATION

May 2022 Florida State University
Bachelor of Science – Information Technology (summa cum laude)

PROFESSIONAL EXPERIENCE

June 2022 to present Oracle Corporation (Formerly Cerner)
Federal Solution Architect / Department of Defense

- Duties include onsite risk assessment and prevention, device deployment and integration, and database development. Daily activities entail ongoing contact and meetings with leadership of hospitals and clinics on military bases globally.
- In the last year, I have been a part of the successful completion of four Department of Defense projects from initiation to completion in the United States.
- Currently, my role has expanded to global projects. I am the lead solution architect for The End Point Integration of the military's conversion to MHS Genesis in Italy, Greece, and Bahrain.

December 2021 to April 2022 Advent Health Orlando
IT Intern

- Duties included working closely with the Advent Health IT team during my final semester at Florida State University expanding my classroom skills into the clinical environment.
- During my time with the Advent Health IT team, I had the opportunity to work with UX, Product Development, Scrum, Development, Enterprise, and Research.

June 2021 to April 2022 Panera Bread
Café Associate

- Duties included ensuring customer satisfaction, maintaining smooth operations in the food preparation area while upholding proper food safety, labeling, and adherence to corporate regulations.

May 2019 to August 2019

Advent Health Orlando

IT & Human Resources Associate

- Duties included working alongside the human resources team during a critical time of badge and name transition for the Advent Health system. My responsibilities were to create and distribute the new line of employee badges for all of Advent Health Orlando.
- Daily responsibilities included learning and operating multiple IT and Human Resources related computer applications including Microsoft Excel, Advent Health Security Access, and Employee Services programs. I was tasked with providing employees with different levels of security clearance and assigning credentials to hospital sanctioned health programs. Distributed badges to over 5,000 Advent Health employees.

ACHIEVEMENTS

Eagle Scout

- Fort Gatlin District Eagle Scout earned in August 2016 after successfully completing the merit badge, and community service project requirements while holding leadership positions within Troop 148.

Band Aid Boxes, LLC

- CEO & founder of this non-profit organization coordinating the donations, branding, labeling, packaging, and delivering of care packages to pediatric patients in Advent Health for Children.
